PRODUCT RANGE

1. RAW JUTE FIBER

Raw Material: Natural Indian Golden Jute (Corchorus Capsularis / Olitorius)

Applications: Spinning mills, rope manufacturing, carpet backing cloth, geo-textiles, insulation boards, pulp & paper industries

Specifications:

- Grade: TD-1 to TD-8
- Fiber Length: 1.5 – 4.0 meters
- Root Content: 3–7% max
- Moisture Content: 10–14%
- Strength: 20–30 g/tex
- Color: Golden / Brown / Natural
- Impurities: <2%

Bale Weight: 150 – 180 kg hydraulic pressed bales

MOQ: 1 x 20 FT container (mixed grades allowed)

Container Capacity:

20 FT: 10–12 MT

40 FT: 24–26 MT

Ex-Factory Price Range (India) USD 450 – 900 per MT (grade dependent)

2. JUTE YARN & TWINE

Raw Material: Long Line Jute Fiber

Applications: Carpet weaving, backing cloth production, industrial stitching, handicrafts, packaging, cable binding.

Specifications:

Count Range: 6 lbs – 60 lbs

Twist Type: S-Twist / Z-Twist

Ply: Single / Double / Multi-ply

Oil Content: 2–6%

Moisture: 8–12%

Finish: Natural / Dyed / Bleached

Available in customized winding formats as per weaving machine compatibility

Package Options: Spools / Cones / Coils / Bundles

Breaking Strength: Varies by count (custom supply available)

MOQ: 8–12 MT per shipment

Ex-Factory Price Range (India): USD 900 – 1,600 per MT

3. JUTE HESSIAN CLOTH

Raw Material: Premium Quality Jute Yarn

Applications: Concrete curing, agriculture covering, nursery wrapping, export packaging, tobacco wrapping, insulation use.

Specifications:

Fabric Weight: 5 oz – 14 oz

Width Options: 40" – 72"

Ends per Inch (EPI): 9 – 12

Picks per Inch (PPI): 8 – 12

Breaking Strength: High tensile export grade

Finish: Natural / Dyed / Rot-proof / Treated

Suitable for agriculture, tobacco wrapping, insulation and export packaging industries

Roll Length: 50 – 200 meters (customizable)

MOQ: 1 x 20 FT container (mixed widths allowed)

Ex-Factory Price Range: USD 0.35 – 2.00 per meter

4. JUTE SACKING CLOTH

Raw Material: Heavy Count Jute Yarn

Applications: Rice packing, wheat packing, cocoa packaging, coffee packaging, sugar industry packaging.

Specifications:

Fabric Weight: 200 – 400 GSM

Width: 100 – 200 cm

Construction: 1×1 / 2×2 weave

Finish: Plain / Laminated / Rot-proof

Tensile Strength: High load bearing grade

Food-grade compliant quality available for cocoa and coffee export packaging

Bale Packing: 500 – 1000 meters per bale

MOQ: 1 x 20 FT container

Ex-Factory Price Range: USD 0.60 – 1.90 per meter

5. JUTE GUNNY BAGS

(50 KG / 100 KG)

Raw Material: Heavy Sacking Cloth

Applications: Food grain packaging, potato storage, fertilizer packing, pulses packaging.

Specifications:

Capacity: 50 kg / 100 kg

Fabric Weight: 500 – 1000 grams

Dimensions: Standard / Custom

Stitching: Single / Double fold seam

Printing: 1-4 color logo printing available

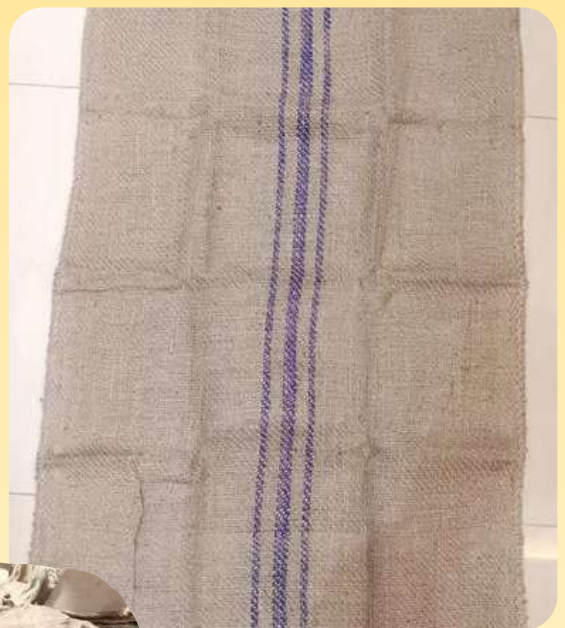

Food grain compliant export quality available

Bursting Strength: High load capacity export grade

Bale Packing: 250 – 500 bags per bale

MOQ: 1 x 20 FT container (mixed sizes allowed)

Ex-Factory Price Range: USD 0.45 – 1.50 per bag

6. LAMINATED JUTE BAGS

(FOOD GRADE)

Raw Material: Jute Fabric + LDPE Inner Liner

Applications: Sugar export, flour packing, spice export, cocoa beans, seed packaging.

Specifications:

Inner Liner Thickness: 18–40 microns

Capacity: 25 kg / 50 kg

Moisture Protection: Yes

Food Grade Compatibility: Available

Finish: Laminated / Printed / Custom stitched

LDPE liner compliant with international food-contact packaging standards

Suitable for sugar, cocoa, coffee and spice export packaging

Shelf Protection: High humidity resistance

MOQ: 1 x 20 FT container

Ex-Factory Price Range: USD 0.90 – 2.50 per bag

7. JUTE SHOPPING BAGS

(REUSABLE)

Raw Material: Natural Jute Fabric (Eco-Friendly Grade)

Applications: Retail stores, supermarkets, eco-brands, promotional resale distributors

Specifications:

Fabric GSM: 250 – 450

Handle Type: Cotton / Rope / Bamboo / Leather

Printing: Screen / Offset / Digital

Lamination: Optional matte/gloss

Load Capacity: 8 – 20 kg

Customization Options: OEM branding / private labeling / barcode tagging available

MOQ: 2,000 pcs per design

Ex-Factory Price Range: USD 0.70 – 3.89 per piece

8. CORPORATE PROMOTIONAL JUTE BAGS

Raw Material: Export Quality Laminated Jute Fabric

Applications: Corporate branding, exhibitions, trade fairs, marketing campaigns.

Specifications:

Fabric GSM: 300 – 450

Printing: Logo / Offset / UV / Heat transfer

Inner Lamination: Optional

Handle Reinforcement: Available

Finishing: Premium export stitching

Bulk export packing available for distributor supply programs

Suitable for corporate events, retail promotions and sustainability campaigns

MOQ: 2000 pieces per design

Ex-Factory Price Range: USD 0.80 – 4.30 per piece

9. JUTE WINE BOTTLE BAGS

Raw Material: Laminated / Natural Jute Fabric

Applications: Wine packaging companies, gift suppliers, luxury retail stores

Specifications:

Capacity: Single / Double Bottle

Fabric GSM: 280 – 380

Handle Type: Rope / Tape

Inner Divider: Available

Finish: Laminated / Natural

Reinforced stitching suitable for glass bottle packaging

Load Capacity: Up to 3 kg

MOQ: 3,000 pcs per model

Ex-Factory Price Range: USD 0.60 – 2.50 per piece

10. JUTE TOTE BAGS

(FASHION SEGMENT)

Raw Material: Premium Export Grade Jute Fabric

Applications: Fashion brands, eco-lifestyle stores, designer retail chains

Specifications:

Fabric GSM: 350 – 500

Handle Options: Cotton padded / Leather / Bamboo

Closure Type: Zipper / Velcro / Open

Lamination: Optional

Finish: Designer stitching

Available in custom sizes as per retail brand requirements

Export-quality finishing suitable for EU and USA retail markets

Private Label: Supported

MOQ: 2,000 pcs per design

Ex-Factory Price Range: USD 1.20 – 5.00 per piece

11. JUTE GEO-TEXTILES

Raw Material: Open Weave Jute Fiber Fabric

Applications: Road construction, erosion control, riverbank protection, slope stabilization.

Specifications:

Open Area: 40–60%

Width: Up to 5 meters

Roll Length: Up to 100 meters

Mass per Unit Area: 250 – 1000 GSM

Biodegradation Period: 6–24 months

Available in woven and open-weave structures depending on project requirement

Suitable for highway authorities, riverbank protection agencies and infrastructure contractors

Roll packaging suitable for mechanized site installation

Strength: High soil retention capacity

MOQ: 1 x 20 FT container

Ex-Factory Price Range: USD 0.50 – 2.50 per sqm

12. JUTE CARPET BACKING CLOTH **(CBC)**

Raw Material: High Tensile Jute Yarn

Applications:

Carpet manufacturers, flooring industries

Specifications:

Primary Backing Cloth (PBC)

Secondary Backing Cloth (SBC)

Fabric Width: Up to 4 meters

Uniform weave density

High dimensional stability

Compatible with machine-made carpet manufacturing systems

MOQ: 10–12 MT per shipment

Ex-Factory Price Range: USD 0.40 – 1.40 per meter

13. JUTE ROPES & TWISTED ROPES

Raw Material: Long Fiber Jute Yarn

Applications: Marine use, gardening, handicrafts, industrial packaging

Specifications:

Diameter: 4 mm – 50 mm

Breaking Strength: Export grade tensile

Construction: 3-strand / twisted rope

Finish: Natural / Oiled

Suitable for marine, agricultural, industrial bundling and landscaping applications

Coil Length: Custom supply available

MOQ: 5 MT per diameter specification

Ex-Factory Price Range: USD 700 – 1,500 per MT

PACKAGING

OPTIONS

We provide export-ready packaging as per international buyer requirements:

- 25 kg bale packing (raw fiber / yarn)
- 50 kg standard jute bags
- 100 kg industrial packing bags
- Roll packing for hessian & sacking cloth
- Bundle packing for ropes & yarn
- Retail packing for shopping & promotional bags
- Private label packaging available
- Palletized container loading available
- Supply Capacity: 15–30 containers/month
- Moisture-controlled export packing
- Fumigation support available (if required)
- Phytosanitary certification available (if required)
- Mixed product container loading supported
- Neutral export packing available for distributors

Container Capacity (Approx.):

- 20 FT Container: 12–14 MT (fiber / yarn)
- 20 FT Container: 8–10 MT (bags category)
- 40 FT Container: 24–26 MT

CERTIFICATION

SUPPORT

Products supplied in compliance with international export requirements:

- REACH compliance support (EU shipments)
- OEKO-TEX certified fabric available upon request
- SGS / Intertek / Bureau Veritas inspection available
- Phytosanitary certification available (raw fiber shipments)
- Fumigation certification available where required
- Food-grade liner compliance certification available

OEM manufacturing | Private labeling | Bulk container supply available

WHY IMPORTERS CHOOSE US

- Factory-linked sourcing network across major jute production regions
- Consistent export-grade moisture-controlled material
- Flexible OEM & private labeling capability
- Mixed container shipment support
- Third-party inspection acceptance (SGS / Intertek / Bureau Veritas)
- Competitive container-volume pricing
- Reliable documentation support for customs clearance worldwide
- Long-term distributor partnership programs available
- This slide alone increases conversion probability significantly.

EXPORT SUPPLY CAPACITY

Monthly Supply Capacity:

- Raw Jute Fiber: 500–800 MT
- Jute Yarn: 120–250 MT
- Hessian Cloth: 150,000–300,000 meters
- Sacking Cloth: 200,000–400,000 meters
- Jute Bags: 300,000–700,000 pcs
- Geo-Textiles: 80,000–150,000 sqm
- Industrial Rope: 50–120 MT

OEM manufacturing | Private labeling | Bulk container supply available

EXPORT DOCUMENTATION SUPPORT

We provide complete export documentation including:

- Commercial Invoice
- Packing List
- Certificate of Origin
- Fumigation Certificate (if required)
- Phytosanitary Certificate (for raw fiber exports)
- GSP Certificate (if applicable)
- Bill of Lading (Sea / Air)
- Inspection Certificate (if required)

These documents support smooth customs clearance and international payment processing.

TERMS OF PAYMENT

MORE INFORMATION

- **Supported Trade Terms:** EXW / FOB / CIF / CFR
- **Third-party Inspection:** SGS / Intertek / Bureau Veritas available upon request
- **Port of Loading:** Tuticorin / Chennai / Cochin
- Kolkata / Haldia port support available for Eastern India sourcing
- **Production Lead Time:** 15–30 days depending on product type and order volume
- **Shipment Flexibility:** Partial shipment and mixed-container loading available upon request
- **Packaging Formats:** Roll packing / bale packing / palletized shipment formats available
- **Documentation Support:** Custom documentation available as per destination country import requirements
- **Samples:** Product samples available for quality evaluation before bulk shipment
- **Payment Terms:**
 - 100% Advance T/T (new buyers)
 - Irrevocable LC at Sight
 - 50/50 T/T payment terms
 - 30/70 payment terms for repeat buyers

Supply Model: Long-term supply agreements available for distributors and institutional buyers

OEM manufacturing | Private labeling | Bulk container supply available
